# I LIKE TO PAY MORE!

**Said no one. Ever.**

An NVIDIA HSA medical plan could save you money over the PPO plan. And, NVIDIA gives you cash up front to pay expenses. Consider making the switch.

Benefits for the life you live.  
Open Enrollment: Nov. 1-17

Postcard

2788 San Tomas Expressway  
Santa Clara, CA 95050

The PPO medical plan makes sense if you see a doctor regularly. But an HSA could be better if you have only occasional health needs.

Things to consider about an HSA medical plan:

- › Lower deductions from your paycheck.
- › Higher out-of-pocket expenses when you get care, but NVIDIA gives you up to \$3,000 to help pay those costs.
- › You get to keep your doctor because they use the same provider network as the PPO.

One more thing: Your PPO costs will slightly increase next year when you receive medical care.

Make your best medical plan choice at [nvidiabenefits.com](https://www.nvidiabenefits.com), and learn what's up for 2018—including no premium increases, more help for growing families, eyeglass repair benefits, and more.

**Open Enrollment: Nov. 1–17**
